Introducing: *JAMARR MYERS*

Jamarr, a former Urban League Black Scholar, currently serves as the Vice President of Operations and Faculty Associate of Entrepreneurship at Golisano Institute for Business & Entrepreneurship. Upon joining Golisano Institute, Jamarr expressed excitement about witnessing the growth and success of students and faculty. He takes immense pride and joy in seeing students embrace their entrepreneurial spirit, take risks, and transform ideas into thriving businesses.

Simultaneously, Jamarr holds the position of Adjunct Professor of Business at Roberts Wesleyan University where he has taught for over 3 years. With a passion for community service, he dedicates his time and leadership skills to Black Men Achieve of Greater Rochester, Inc., a 501(c)(3) non-profit organization focused on youth and family development, founded by his twin brother, Jermayne Myers, also a former Urban League Black Scholar.

In his role within Black Men Achieve, Jamarr serves as a guiding force, aiming to transform the lives of children, families, and individuals. The organization is committed to providing quality mentoring, life skills development, and health and wellness services. Recognizing the need for positive youth development and mentorship programs for boys and young men of color, Jamarr is passionate about breaking the school-to-prison pipeline and preventing the recruitment of young African American males by gangs, utilizing his expertise and experience to make a meaningful impact.

Although he doesn't seek the limelight, Jamarr has been recognized and received numerous awards for his outstanding contributions and service. His commitment to being a servant leader is evident in his approach to leadership, focusing on making a positive impact rather than personal accolades.

Before his involvement with the Golisano Institute, Jamarr played a key role in the establishment and leadership of the EnCompass Future Ready program. This year-round initiative caters to students in grades 6 through 12, offering a comprehensive approach to education. The program incorporates tutoring to foster academic achievement, while college and career enrichments expose students to various pathways and simultaneously cultivate social-emotional skills. His previous leadership role also includes working at Wegmans Food Markets, where he spent 19 years in various positions and stores across their market areas.

Beyond his professional commitments, Jamarr finds fulfillment in experiencing different cultures through travel, volunteering with youth initiatives, and spending quality time with family and friends. Empowerment is a core value that resonates deeply with him, and he aspires to empower young adults to fearlessly pursue their ambitions, create a brighter future, and leave a lasting legacy of achievement and inclusivity in the business world. Jamarr's vision is to have a meaningful impact, inspiring generations to come.
